SanaVista is Built by a Team That Knows Phuket

A joint venture by **Mini Villa Co. Ltd.** and **Liviton Holding Co. Ltd.**

Two companies. One shared vision. A straightforward approach to quality real estate.

Mini Villa Co. Ltd.

Mini Villa is a Phuket-based real estate development company led by **Mr. Panupong Sae-Ung**, with a focus on smart architecture and hands-on construction.

The company has completed more than 14 private pool villas and over 30 townhomes across key neighborhoods in Cherngtalay, including Pasak, Ban Don, and Pru Jampa. Every project is managed in-house, with **Mr. Panupong** personally overseeing each stage from design to completion.

Mini Villa builds homes that are functional, comfortable, and well-suited to Phuket's tropical lifestyle.

Liviton Holding Co. Ltd.

Liviton Holding specializes in real estate branding, sales, and project structuring.

The founders have a background in international real estate and branding, having worked with boutique developers and family offices across Thailand and Europe. With a strong focus on clear presentation and strategic positioning, they have helped reposition and scale multiple property ventures.

Based in Phuket, Liviton handles the full sales cycle - from early-stage planning to closing - and brings a network of global buyers, investors, and media partners to each project.

The Partnership

Mini Villa takes the lead on development and construction. Liviton manages sales, marketing, and investor engagement.

All planning is done together - with aligned values and a shared focus on quality.

Why Investors Choose Liviton

Direct Access to Development

We help shape the project - not just sell it. You get early access, preferred units, and insight.

Ownership Support

Protected Freehold or long-term leasehold - structured safely and legally.

8-10% Net Rental Yield

Strong returns based on realistic rental performance, not over promised.

Resale Strategy Built In

Your exit plan is part of the design - layout, branding, and appeal aligned from day one.

Liviton Services After Purchase

Furnishing Packages

We offer three carefully curated furnishing packages, introduced midway through construction. Each is tailored to the villa's layout and finishes, providing a seamless, fully turn-key handover for personal use or immediate rental.

Rental Management

Our full-service rental management is designed for owners who want strong returns without the hassle. From listing creation and guest handling to dynamic pricing, housekeeping, and monthly reporting – we take care of every detail. Whether you're on the island or abroad, your property performs while you stay fully informed.

Ongoing Property Care

Regular inspections, utility, repairs, and tax coordination - so your villa stays in perfect condition, with or without tenants.

A Hands-On Partner for International Investors

Whether you live in Phuket or invest from abroad, Liviton makes ownership effortless. Our multilingual team (English, Russian, Thai, and German) ensures smooth communication, while a dedicated point of contact guides you personally from purchase to resale. With regular updates, clear financial reporting, and remote-ready services, you're always connected - no matter where you are.
