EXPERIENCE A HIGH-QUALITY LIFESTYLE

“Vana Anda Villa” draws inspiration from forest and water, reflecting a desire for calm and balance in modern living. This concept is expressed through well designed luxury villas surrounded by greenery and tranquil pool areas, creating a comfortable and restorative home environment. Located in a prime area of Phuket near the sea, beaches, and Laguna, the project is close to golf courses, hotels, restaurants, lifestyle malls, and international schools, making it suitable for families and an attractive option for long term investment.
